JAMES HUBBARD. RICH^D^. BENYON.
GEORGE DRAKE.

TO THE HON^BLE^. NATH. ELWICK ESQ.
PRESIDENT & GOVERONUR OF FORT ST. GEORGE &C^A^. COUNCIL.

HON^BLE^. S^R^. &C^A^.

I have had the perusal of Mr. Isaac Pykes Paper to your Hon^r^. &c^a^. touching Bencoolen Affairs, and find therein an Article that tends to my discredit in my paymasters employ, which induces me to answer it in such a manner as I hope will clear me of the Aspersion both to your Hon^r^. &c^a^. and the Hon^ble^. Company.

Mr. Pyke alledges that the 9 Inch Timbers were but 7 inches thick of the thinnest side and 8½ wide at the end, and the other Timbers in the same proportion brought in by me, and some of them were but 17 foot long, and several pieces of white wood amongst them, being contrary to the Companys orders. In answer to which I shall only say that I measured every individual piece and they held out equal in lengths and breadths to what agreed for in Consultation of the 2d March, they were brought

by the most part by sea and lay by the water side where they were measured and surveyed by the Council and then sent to the Fort and mix'd with the other Timbers, so if Mr. Pyke measur'd at the Water side those he said were deficient, it is likely they were such as we refus'd, and if afterwards, 'tis as likely they were some of his own, however, let him pretend what he will, I am very positive what I brought in were of full measure and I hope your Hon^{r}. &c^{a}. will believe my assertion to be as valid as his, being here no other means to prove it one way or another. It is very true we had forty five rafters a little crooked, those Mr. Pyke might have seen, but we having an immediate occasion and the workmen approving them we took them in, and Mr. Pyke says again that he could buy of the Dupatty Carriage Plank for half the amount we paid for them. I should say he talks idly and conformable to his Action when he might have done the Company that piece of service before our arrival since they were procurable and much in want, otherwise I would purchase on my own account after the same rate any Quantity whatever as the Supravisor can testify.

I shall not enlarge on Mr. Pykes allegation since he has wholly inserted his proceedings in Bencoolen to be orthodox, which I leave him to prove, except his bare saying so, therefore I think it will not admit of a Dispute and I do most submissively desire your Hon^{r}. &c^{a}. to be further satisfy'd therein.

I am Hon^{ble}. Sir &c^{a}.
Your most Obedient & faithfull
Humble Servant

Resolv'd that we send down to Fort St. David Ten Thousand Pagodas on the Young Derby Brigantine.

Petition of Rt. Berriman desiring that he may either continue in the service here or be permitted to lay down the latter.

Mr. Robert Berriman, who was taken in a Factor for Fort St. David by President Harrison & Council on account of his capacity in Book keeping, and for to remain there to keep the General Books of that Settlement, on which condition the Hon^ble. Company approv'd thereof as per the 88 Paragraph of their General Letter, dated the 15 February, 1715, by the Prince Frederick, and having lately desir'd our Leave to come up hither about his own Affairs, presented us this day with a Petition, which was read, desiring either that we would continue him at Fort St. George in the service, or permit him to lay down and remain an Inhabitant.

Agreed to, on accot. of his being chose particularly for Fort St. David.

Whereupon 'twas Agreed that as he was particularly chose for Fort St. David it would be a hardship upon the Gentlemen of this place if we should allow him to take his standing here, but for his laying down the service and Continuing here as an Inhabitant we acquiesce.

Mr. Burton, petitioning to supply the vacancy, & understanding how to keep the General Books, is appointed Third & Paymaster.

Upon which Mr. Augustus Burton deliver'd us a Petition desiring he might go to Fort St. David to fill up the above vacancy, and as he understood how to keep the General Books, and an Elder Servant to any below Mr. Berriman there, 'Twas agreed therefore he should go down and take his standing as Third and Paymaster, but be oblig'd to keep the General Books. Their Petitions are enter'd hereafter.

Expt. Warehousekr. delivers in a state of the Contracts, & 1203 Bales being found still to be embal'd & the Goods sent home not having been Conformable to the List of Investment, by making new Contracts & having no regard to the clearing those made before,

Richard Benyon, Export Warehousekeeper, conformable to an order of last Consultation, delivers to the Board a state of the Madrass Contracts, which is enter'd after this Consultation, and it appearing by the same that 1032 Bales are yet to be Embaled on the old Contracts, including 363 Bales which are at the Washers & Beaters, & that 171 Bales of the same Contracts are in the Warehouse, amounting in the whole to 1203 Bales, and as the Warehousekeeper has sett forth the reason why the remittances to England have not been in proportion to the List of Demands; to prevent the like for the future,

The aforesaid number of bales to be included in the Contract now to be agreed on.

Resolv'd that the Bales remaining on the old Contract be part of the Contracts now to be agreed on, and that the Merchants be directed to bring in the Goods brown in more equal proportions.

4069 Bales including 1203 before mention'd to be contracted for at this place.

The List of Demands from Madrass being now produced, and amounting to Four Thousand and sixty nine Bales, Resolv'd and Agreed that a Contract be made within the Joynt Stock Merchants of this place for the same, including the Twelve Hundred & Three Bales remaining of the former Contract.

The Merchants call'd in & acquainted with the sortments & the time allow'd for delivery.

The Merchants attending were call'd in, and being acquainted with the sortments were asked if they could provide such a Number of Bales by the 1st December to deliver them in, in monthly proportions, they argued as to point of time and press'd for the last of January, to which they were answer'd that we proposed that the time for shipping them and could not allow them any longer than the 1st of December for delivery.

— *FORT ST. GEORGE, FEBRUARY 1722-23* —

They were press'd to make some abatement in the former Prices, to which they reply'd 'twas with great difficulty they provided the quantity of Ordinary Long Cloth &c^{a}. we lately demanded, and that it was not possible for them to make any. We then Order'd them to provide Musters for the several sorts of Beteelas &c^{a}. agreeable to the List, that the Prices of them may be adjusted, which they promis'd to do with all possible dispatch.

Pressed to make an abatement in the Prices. Musters of the Beteelas to be dd. in, in order to adjust the Prices.

The Right Hand Merchants were accordingly tasharief'd, the Left Hand Merchants having some difference with the Braminys that were joyn'd with them, the Ceremony was defferr'd till another opportunity.

The Rt. Hand Merchants tasharief'd, but the Left Hand not agreeing with some of their partners, that ceremony was omitted to them.

The state of the Fort St. David Contract being produced & examin'd, it appeared that the Fort St. David Merchants had compleated their Last Contract and were in advance on the eighth Instant 1163 Bales, Sunca Ramah for his proportion 786 Bales, Sadashaverow 223 Bales, and Eram Rauze 154.

The Fort St. David Contract, being compleat'd & 1163 Bales brt. in more by their 3 setts of Merchants;

AGREED & ORDER'D that a Contract be made at Fort St. David for 4,000 Bales and that the 1163 be accepted as part of the said Contract, the particular Sortments to be, viz^{t}.:

Pursuant to your order the last Consultation I have examin'd the state of the several Contracts and find the following sortments are yet to be receiv'd from the Merchants:

Sallempores Ordinary	79

		171	
		840	
At the Washers & Beaters		363	
Bales ..		1203	

By which your Hon^r^. &c^a^. may please to regulate yourselves in the Contracts now to be made as you shall think most Consistent with the Company's expectations by the next years ships. All you have now to go by is the List receiv'd by the last ships, which we would have little or no regard to by those lately dispatched, as the large Contracts made in 1720 were not compleated, which occasion'd Likewise the sending home some Goods which were positively forbid.

I now lay before you in two several lists what number of Bales, and the particular sorts which were order'd to be provided last year here, and at Fort St. David. The Vizagapatam Goods were indented for in August last, and here it may not be improper to remark to you that the Merchants have thought it a due and sufficient complyance with their Contracts if they supply'd the Washers with any sortment of Goods without regard to the proportion it might bear to the whole Investment, hence it is that the remittances to England, have been very unequal to the proportions demanded, and that some particular goods which were forbid the last year were notwithstanding sent, and the year before when they were wrote for, few or none were ready cur'd.

I am Hon^ble^. S^r^. &c^a^.
Your most Humble Servant

Company would run no risk in the Conveyance to Fort St. David, We do think fitt to grant his request, and 'tis therefore agreed that Sunca Ramah be restor'd to the one half of the Contract which he formerly enjoy'd, that the remaining half be divided amongst the other Merchants, and that we write to Fort St. David and order it accordingly.

ORDER'D that the Warehousekeeper & Storekeeper produce to the Board next Consultation Lists of what perishable Goods they have in their Godowns, that a Judgment may be made what part thereof will be propper to be dispos'd of at Outcry.

List of perishable goods in the Storehouse & Warehouse to be produced to the Board.

The Petition of Sunca Ramah read, & enter'd after this Consultation, setting forth that it has been the Custom always for the Merchants to deliver out Rice to the Washers for Congey for the Cloth, and us'd to be repaid by the Warehousekeeper monthly out of what the Washers earn'd, but in the year 1720, the then Warehousekeeper omitted paying him as usual, by which reason the Washers are become indebted to him Pag^{s}. 592.

Petition of Sunca Ramah read.

The Warehousekeeper acquaints the Board that the Chittys have a Demand of the same kind for Pagodas 393, which they had also demanded of him, and he refus'd to pay for the same reason he had Sunca Ramah, namely, that the intire payment of both sums would make a very large addition to the Washers debt, and the Cause would not be apparent in his Acco^{ts}. for in reality the debt upon the Books was lessen'd Pag^{s}. 777 : — : 76, instead of Pag^{s}. 377 : — : 76, as is mention'd in the Consultation of the 20th September, by payment of 400 Pagodas to Sunca Ramah in May, and thô the Washers did not appear upon the close of the last Books to be indebted more than Pag^{s}. 3934 ; 12 : 25, yet this debt to both the Merchants being Pag^{s}. 1385 and to be paid by the Company, their debt at that time was really Pagodas 5319 : 12 : 25.

The Warehousekeeper also acquaints the Board that the Chittys have a demand upon them for pag^{s}. 393 on the same account.

The reason for supplying the Washers with the Rice for Congy proceeding from their poverty, as they are not to be trusted with the Money to provide it themselves, and are therefore only paid so much as is sufficient to keep them from starving, & leaving the Bounds, the intire charge of washing being paid by the Warehousekeeper, by whom also the Merchants were usually paid monthly, as they have asserted in their Petition, is sufficient to evince that the Merchants are under no obligation to be at the Charge, and if the Merchants had not supply'd the Rice the Company must, which would have occasion'd great trouble & Confusion in the Warehouse Accounts.

The Washers being poor is the reason that they are not trusted with the Money, but paid monthly by the Warehousekeeper, from whom the Merchants used formerly to receive the Amount of what they had dd. them.

It is therefore AGREED & ORDER'D that the Warehousekeeper do pay Sunca Ramah Pag^{s}. 592 & Gungaram &c^{a}. Pag^{s}. 393, amounting in the whole to Pag^{s}. 985, that he debts the Washers for the same as customary in his Warehouse Accounts, and that he continues the monthly payments to the Merchants according to what shall become due.

The Warehousekeeper to pay 985 pag^{s}. to the Merchants.

TO THE HON^{BLE}. NATH^{L}. ELWICK ESQ^{R}.
PRESIDENT & GOVERNOUR OF FORT ST. GEORGE &C^{A}. COUNCIL.

THE HUMBLE PETITION OF SUNCA RAMAH, &C^{A}. RIGHT HAND MERCHANTS SHEWETH,

That your Petitioners believe that your Hon^{r}. &c^{a}. are well acquainted it has been a long time a practice that the Rice used in Congy for the Company's Cloth has been supply'd by the Merchants on the Washers Acco^{t}. for which they were always reimbursed by the Warehousekeeper out of the Money charged by him in his Acco^{t}. as paid

the Washers. Howbeit; your Petitioners found those payments cease about August 1720, and were put off by some frivolous pretence or other for about a twelve month, when the debt being increas'd to near one thousand pagodas, your Petitioners were more pressing with the then Warehousekeeper to pay us the same, but without any Effect, except upon certain Conditions which we could not think we were any ways oblig'd to, having advanc'd the Money entirely for the Company's Interest without any benefit to ourselves. We therefore determin'd to wait for some better opportunity to ask for what was so justly due to us, and upon representing our case to the present Warehousekeeper he order'd us to be paid monthly what we should advance from that time, and paid us in May last Pagodas four hundred, in part of the old debt, promising at the same time we should have the rest when the Washers were a little more out of debt to the Company, but of late when we ask'd for the same he refus'd to pay us any more except what we monthly advanc'd, for reasons which he said he would only tell your Hon^{r}. &c^{a}., and that he could not pay us at all without an Order of the Board, which induces us to give your Hon^{r}. &c^{a}. the trouble of this, requesting you will order payment of the same, as we are perswaded you will think it our just due, and that we have been hardly dealt with, in that we were oblig'd to suffer the debt to increase to such an Amount.

Your Petitioners as in Duty bound, Shall ever pray &c^{a}.

—— *FORT ST. GEORGE, APRIL 1723* ——

INSTRUCTIONS GIVEN TO PAUPA THE 14TH APRIL AND SPOKEN BY HIM DITTO DIE TO LALLAH DUCKNEROY.

I am order'd by the Governour of Madrass to tell you that as to what you say relating to Mr. Collett's Letter, he hath look't into it and finds Mr. Collett wrote his Excellency that provided he would give him an answer to let him know how he approv'd of his writing to Sied Hussenally Cawn for a Sunnod under his Seal relating to the Villages he would do it; to this he rec^{d}. no answer, but three Months after a Letter from the Nabob to enquire what he had done in the Affair and at the same time pressing the delivery of the Villages, to which Mr. Collett reply'd that they were granted the English by his Majestys Royal Phirmaund, that he was intrusted by the Company to maintain their right, and never would deliver up that part of them without their orders. Those Letters are dated the 29th April and 6th of July 1718. The Present Governour bid me tell you, he is now in the place of Mr. Collett intrusted in like manner by the Company to defend their Right and cannot recede from the Resolutions of his Predecessors.

You are pleas'd to say the Present of twelve Lack of Rupees to the King is nothing to you, though all the World must believe it was the Motive that induced His Majesty to do those Honours to the English Nation.

I am further to tell you it is evident that the Profits arising from the English Settlement has been very great, not only in the Dutys paid to your Mettas, but even by the large Coinage that has been lately at Covelon and St. Thomé, though you seem to make light thereof and say that they have reap'd the benefit of it.

As to your saying they are your subjects, I am positievly bid to tell you they are Subjects to none but the King of England, govern'd by his Laws and protected by his Flag, nor will they own obedience to any other.

As to the Callicoes, it is very evident that they employ great part of the poor of this Country by the quantity of Cloth exported for England, and what profits they make thereby is their only Encouragement for so doing, and to that gain you may justly attribute the maintenance of your Poor.

Chicklys Cawn Perwannah his Hon^{r}. bid me tell you he would pay the greatest deference to, but when it contradicts His Royal Majestys Phirmaund he cannot help thinking it invalidated, and therefore must waive his Obedience to his Orders now.

By what I have said you will find his Hon^{r}. resolv'd not to deliver up the Villages, his orders from England he bid me tell you are positive to the same Effect, and therefore he hopes His Excellency will not proceed to extremities, if he does, Himself, not any Master must be chargeable with the Consequences.

FROM PAUPA BRAMINY AND THE MULLA DATED & REC^{D}. THE 14TH APRIL, 1723.

This Morning we went to Duckneroy's Tent, to whom we sent word we were there to wait upon him, he sent an Answer he was not well but Order'd us to come at four a Clock, which we Accordingly did, and in the presence of Auga Mogheen; Valleh Mohomud, Suncha Pareek, Moodu Ramah Chitty, Chinna Ramah Chitty, Sunca Vencatachilum and several Munsubdars presented to him Your Hon^{rs}. service, Duckneroy then order'd the Munsubdars to leave the Tent, when they were gone, he ask'd us what we had to say. We then, after a great many Compliments had pass'd, shew'd him our Instructions, when he had read them ask'd us in a passion whether that was an answer fit to be sent him? We reply'd it was an answer to his demands, he then said that themselves and the English got considerably by one another, then turning to Auga Mogheen and Sunca Vencatachilum said this is the Answer to the Bond which the Governour of Madrass gave me, which you are bound to see perform'd. Auga Mogheen reply'd that it was truth, Lallah then told us that we should continue here to night and be answerable for the deaths of his people who were kill'd at the Metta, saying that he would go to the Nabob to morrow morning and then give us his Answer, therefore we are oblig'd to continue here this Night. We left Lallah in the

President acquaints the Board of the return of the Brahminy &cs. with Assen Cawn who was sent by the Nabob to demand the Villages.

The President informs the Board that last Night return'd the Braminy & Merchants, with them Assen Cawn, Phousdar of St. Thomé, sent from the Nabob to make demand of the Villages, that he insisted much on Mr. Collett's bond, which was mention'd some time ago, and that he promis'd to produce it, which he this morning return'd to do, but that it appear'd to be no more than a Letter Copy'd in our Country Letter Book and no Bond having no date to it, which with the Moors is the distinction between a Letter and a Bond. When Assen Cawn was made sensible of this he dropt that part of his demands & then told the President that the Nabob expected two Councillors to meet him with a Present, after which he would discourse of the Villages.

No Present to be sent him, nor any Person.

Agreed that we send no Present, nor trust any European near him, for that since he had once infring'd the Law of Nations by detaining our Messenger, it is more than probable should he get any English into his power he would make ill use of it and extort from us a Present for the releasement of them. It was further

But Duckneroy allow'd to come here if he has a mind to treat.

Agreed that the President do send word by Assen Cawn, that if Lalla Duckneroy wants to treat he shall be wellcome hither, and at the same time do absolutely refuse any Present, till the Nabob shall entirely fling up all Pretentions to the Villages and that he do this so as not to lay us under an Obligation even should the Nabob resign, but to keep them in suspence that should we give anything it may appear voluntary, and not their due.

WEDNESDAY MAY 1^ST.

The President produces to the Board a Letter that he rec^d. the night before from Nabob Sadatulla Cawn Bahaudar, which is the first that has pass'd on either side and is as follows: — President produces a letter from the Nabob.

Tho' I have been so long at St. Thome', I have never receiv'd any Marks of your friendship, such as I might expect from what you formerly seem'd to express. Somebody has been endeavouring to sow dissention so that we should not agree long. Look to it 'Tis your Duty therefore send your Second with Vencatachilum to give me full satisfaction or send an Answer immediately. Delays will look ill, I sent you the Contents hereof by Mr. St. Hillaire who I hope told you the same, and that you will act so in this Affair as to secure your Effects. What can I say more? — The letter.

After reading the above the Council all unanimously Agreed upon heads of a Letter to be sent in Answer to this, in which he might observe we would not be frighten'd by his threats tho' we were not willing to come to a rupture. Then — Resolutions about the Answer & heads agreed on.

After having Order'd Three Thousand five hundred Pagodas to be advanced the Paymaster to defray Charges Garrison and other necessary disbursements. — Paymaster to be advanc'd 3,500 Pag^s.

The Council withdrew till the President had drawn out the Answer agreed on, after which they mett when it was read to them and approv'd and is as follows: — Answer to the Nabob's Letter read & approv'd.

I last Night receiv'd Your Excellencys Perwanna by your Chubdar and am surpriz'd you should therein charge me with beginning to break off the friendship hitherto maintain'd between us, Since Your Excellency can't but remember that I was so ready to pay my Compliments to you on your first coming to these parts, and so unwilling to be late with them, that my Vaquels met you in your way before you got to Covelon with the Accustomary Presents on the like occasions, Nay I had gone further & sent some of the English to congratulate Your Excellency on your arrival — The Answer.

——FORT ST. GEORGE, MAY 1723——

at St. Thomé had I not been prevented by demands you thought fit to make, which I could no way think reasonable, and which seem'd to me, to point at a design that you yourself had of violating our friendship. I am still willing to continue in friendship and amity with Your Excellency and so far as my own honour and the Good of my Employers will permit me, I shall be ready to come into any measures for that end.

I cannot submit to send my Second or any of the Companys Merchants to you since you seem inclin'd to Quarrel whatever my designs were, had Your Excellency at your first coming appear'd in a friendly manner.

I return Your Excellency thanks for the care you seem to take of my Effects. They are under the protection of my guns & if you will endeavour to take them from me you alone are accountable for the Consequences whatever they may be. I think myself well able to maintain them and I believe a Rupture between us will be more pernicious to Your Excellency than to me, I am notwithstanding willing to live in friendship, what can I say more?

President acquaints the Board that the Nabob seems pretty easy, and produces a Letter and message from him.

The President acquaints the Board that their Wednesday's Letter to the Nabob had produc'd the desir'd Effect, and that he now seem'd more Tractable and easy than before, as would appear by the following Letter and Message receiv'd from him last Night.

The Letter.

I receiv'd your Letter and observ'd the Contents. By what I said about Effects I did not mean your Goods only, but the Consequences that might ensue. I suppose your Persian Writer mistook me. I observe you say you are still willing to preserve my friendship. I am also willing to do the same. I have always hitherto done my utmost to assist the Company of which you are (to be sure) very sensible.

I observe by your mistaking my meaning You are led to say your Effects are under the Protection of your Guns. I do not want them, and your mentioning the Guns does not look well. There were Guns and ammunition enough in Viziapour Galcondah &c^{a}. and yet His Majesty overcame them which all the World knows. I do not desire a War (God forbid there should be one) nor to break our friendship. On the Contrary I think it will be much better to continue it. I therefore desire you will not be uneasy. I have now sent by the Doctor my Proposals to You of which he will inform you. By them you may govern yourselves without any suspicion of me. Your doing what I desire will preserve and increase our friendship.

—— *FORT ST. GEORGE, MAY 1723* ——

MESSAGE BROUGHT BY MR. ST. HILLAIRE TAKEN AS HE DELIVER'D IT.

The Message.

I am come hither & it is not reasonable to go away empty handed.

I have been Nabob twelve years and never troubled you for anything more than what was the Custom for you to give.

I have not any design of quarrelling with you, on the Contrary I desire to continue in friendship with you.

I desire no more than that you will till the arrival of your Europe ships do me the same honours that you did to D'Oude Cawn to whom you sent Swords, Pistols, &c^{a}., presents and some of your Councill. When your ships arrive, I leave it to you to send me to Arcott what you shall judge fitting. On my part I will send you a horse and what is Customary on the like occasions.

If you are anyways apprehensive of my Ill treating the Councillors you may send me, Return the Doctor and I will give you my seal and all imaginable security.

If you like of this and will comply with it the 14th of this Moon is our great feast and the 15th I will be gone. Nay if you insist upon it, and that you are in want of provisions or anything else in Madras I will be gone before the feast. I expect an Answer to night by the Doctor.

Debates on the above letter & message.

After reading the above it was for some little time debated whether we should trust any of our Councill with the Nabob, but was Agreed in the Affirmative, and Messrs. Hubbard and Houghton pitch'd upon to go.

Messrs. Hubbard & Houghton to go to the Nabob.

The Board then proceeded to consider in what manner they should demand an Audience, and the Ceremonial in D'Oude Cawns time was taken as a precedent, only with this difference.

The Ceremonial considered.

That as the Nabob then only sent one of his Household Servants to receive the Councillors, We should now insist on having a Jemildar come, and that they be allow'd Chairs to sett on.

A present to be sent now & another promis'd when the Europe ships arrive.

They next resolv'd to send a present now, to the value of between seven and eight hundred Pagodas, with the Councillors, and promise when the Europe ships come out that we will send him something more.

Masters Ships under their direction, the proceedings of the men of war, as also an Acco^{t}. of the troubles in Persia, and our Dispute with the Portugueeze. They further ad[v]ise that Mr. Matthews has carried with him Mrs. Gyfford, wife to the late Chief of Anjengo, and one of the Companys old Brokers at Surat.

From Bombay.

From the Chief & Council of Vizagapatam under the date of the 23d. ultimo, inclosing several papers and accounts, desiring a supply of Cash, and advising that their Nabob had been in the Companys Mango Garden, where the Chief had an interview with him, and that they parted good friends.

From Vizagapatam.

The storekeeper then informs the Board that the buyers of the Iron lately sold at outcry refus'd to take it without a Liberty of beating of the rust with a hammer, which not having been formerly practis'd he could not allow without Liberty from the Board for so doing.

The buyers of the iron lately sold at outcry demand a liberty of beating it to get off the rust.

— *FORT ST. GEORGE, MAY 1723* —

The buyers being sent for and attending inform the Board that there is an usual quantity of rust on the iron they now have bought, and that as they gave a large price for it as good iron, they could not receive it without beating off the rust.

The occasion enquir'd into.

We then enquir'd what could be the reason that this parcel should be so much worse than usual, and found it arose from its having lain the year round in the Godowns, and also that some part of it came from the West Coast, which is extremely bad.

The Liberty granted to the Buyers.

It appearing therefore to us that the demand made by the Buyers is just and reasonable

AGREED that the storekeeper do allow them to beat the Iron this once, but that whenever in future We sell any at Outcry We will declare that we will allow nothing more than tossing it down from the pile.

A remark made by the Board with relation to it.

The Board think fit here to take notice that the spring is the proper season for the Sale of Iron because the Shipping are then generally going out, and that this parcel was therefore kept so long in the Godowns that it might be sold at the greater rate; and that the loss by rust is no ways equal to the difference in price between the now sale, and what it would have produc'd if sold when first arriv'd.

PRESID^{T}. & GOV^{R}. &C^{A}. COUNCIL OF FORT ST. GEORGE.

THE PETITION OF COLLA JUGGOO

HUMBLY SHEWETH,

That your petitioner and Dumma Adapa having some Disputes together that were brought into the Worp^{ll}. the Mayors Court, Judgment was given against y^{r}. petitioner, which not being satisfactory to him he appeals from the same to Your Honour &c^{a}. begging a re-examination of the Affair and he as in Duty bound shall

To the Hon^ble. Nath^l. Elwick Esq^r.
President & Governour &c^a. Council of Fort St. George.

The Petition of Charles Gee, Attorney for & in behalf of Dumma Adapa

Humbly Sheweth,

That on the 24th Instant your petitioner obtain'd Judgment in the Worp^ll. Mayors Court against Collajuggoo, Defendant in a Cause where Dumma Adapa was Plaintiff, for Pag^s. 332 : 30 :—Your Petitioner, according to the legal process of that Court, and as Attorney to the Plaintiff, demanded payment which the said Collajuggoo promis'd, but now refuses the same under pretence of Apealing to Your Honour &c^a. for a rehearing. Whereas it hath always been customary for Defendants in such cases immediately upon the Judgment given against them to crave liberty of the Court to Apeal and the Attorney in behalf of the Plaintiff thereupon requires of the Defendant security for the Maintenance of his action, which the Defendant is oblig'd to give, as well as to defray the Court Charges before he can enter upon an Apeal, all which the said Collajuggo refuses. Wherefore your petitioner humbly hopes Your Honour &c^a. will please to suspend the Apeal 'till such time as the said Collajuggo complys with what is usual, and your petitioner as in Duty bound shall

Ever Pray &c^a.

Colla Juggoos petition of Appeal resum'd. Ditto offers to prove bribery in the arbitrators.

Colla Juggoos petition of Appeal was then resum'd, who attending acquainted the Board that the Judgment of the Court was a Confirmation of an Arbitration awarded given against him, which he could not think reasonable, He could prove the Arbitrators had been brib'd and that he had so done to Mr. Oadham and the Company's Merchants.

Endeavours to prove it, Witnesses examin'd.

He then produc'd two Witnesses to prove bribery upon Perea, one of the Arbitrators between him and Dumma Adapa, who agreed in charging the said Perea with having threaten'd to injure the said Colla Juggu in his Affair and give the Cause against him on Acco^{t}. of his having refus'd to give him money.

Companys Merchants examin'd.

The Companys Merchants, who have for some time had this Affair under examination, were then called in and being ask'd what they knew of this matter declare that they believe that there may have been bribery, but that it does not appear plain enough for them to affirm that it actually is so.

Colla Juggoo urges the absence of two of his witnesses but says that their Depositions were taken before Mr. Oadham.

Colla Juggoo then inform'd the Board that it was a great while since he had prov'd the bribery before Mr. Oadham, and that two of his Witnesses were gone into the country whence he could not get them down, but that he believed the Depositions then taken might ly among Mr. Oadhams papers.

Depositions to be sent for.

After this resolve the Board went on to examine the Dispute between Mar Kistna and the Bound Renters at Fort St. David. Richard Benyon, Export Warehousekeeper, reads that Acco^t. for last Month, Ballance due to him Pag^s. 445. 24. 56.

20,000 pag^s. & Wares & Stores to be sent to Fort St. David by the Carnarvon.

The Carnarvon being upon her departure for Fort St. David to take in the Bales which are ready there, it is

— *FORT ST: GEORGE, JULY 1725* —

AGREED that we send down on her twenty thousand pagodas, not being likely to have so good an opportunity for some time and their Cash being very low. It is also Agreed and order'd that the Warehousekeeper and Storekeeper do load on board her the Wares & Stores which they have this year demanded.

George Drake, Storekeeper, delivers in a report of the Condition of the Europe Cordage receiv'd this year which he was order'd to examine in Consultation of the 24th Ultimo, some whereof he finds to be good and some very ordinary as by his report enter'd after this Consultation. Report of the Europe Cordage delivered in.

The Season for dispatching our early ships for Europe being now drawing near, the Board took into Consideration whether they should dispatch the Mary in company with the Carnar[v]on or send her to the Bay, and wait for one of the ships still expected to go home with Cap^{t}. Thwaites, and after some debate it was Agreed to send the Mary to the Bay for the following reasons: Debate on the dispatch of the early ships for Europe the Mary to be sent to the Bay for the following reasons: which are

That Our Hon^{ble}. Masters having last year forbid us to deliver saltpetre to the ships without absolute necessity and also obliged them to bring out Iron Kentlage., We did not provide for supplying this years ships with their whole Kentlage in Petre & have not enough in the Godowns to supply the Mary with the quantity she must want, and it is conceiv'd that to send her home a crank ship and unfit for the Sea may be of much greater prejudice to our Masters than the difference in the demorage.

That we suppose that the Gentlemen in Bengal will give the ships they shall send home as early dispatch as possible. That we have orders to send them down bales to lessen the risque of a Bengal cargo, of which they have as yet had but 830, and that it is probable the Bridgewater, which is the other Bay ship, may be too full to take in what more Goods we design them, so that if the Mary does not go they cannot receive the supply designed. Continued.

That the season for the northerly winds will in a short time come on, and that as Vizagapatam has not yet receiv'd supplies for the year, should we wait for the other ship which may not probably arrive till very late, either that settlement must not receive any supply or the ship that carries it must run great hazards while she lies there, and risque her passage to the Bay. Continued.

ORDER'D therefore that the Warehousekeeper and storekeeper do load on board the Mary with all Expedition what bales she can take in for Bengal, the remainder of the 100 Tons of Redwood demanded from thence, and the Wares and Stores for Vizagapatam, It is also The Warehousekeeper to lade aboard her what Bales she can take in & redwood for Bengal & Wares & Stores for Vizagapatam with 5000 pag^{s}. & as much in rupees.

AGREED to send 5000 pagodas to the latter of those places in gold, and the same sum in rupees for supply of their Cash.

James Hubbard, Land Customer, pays into Cash pag^{s}. 910 : 13 : 47 being the ballance of his last Months Acco^{t}. Land Customers June ballance paid in.

ORDER'D that the Paymaster be advanc'd pagodas 1600 to defray Charges Garrison. 1600 pag^{s}. advanced the Paymaster.

The Mary having brought out a quantity of Lead and Iron, it was considered and debated whether it was proper to keep them, or whether they should be dispos'd of at this time, and it was unanimously AGREED that the former of these Commodities bearing a better price there than here should be sent to the Bay, but the latter sold at Outcry. The reasons for so doing are The Lead & Iron per Mary, the former to be sent to the Bay & the latter sold at Outcry for reasons following

— *FORT ST. GEORGE, JULY 1723* —

which are A demand which is now made for Iron to Kintlage some ships bound for Bengal and Surat, which is contrary to the common method and is occasioned by the very low price which sugar now bears at the latter of those ports which has made it impract[ic]able for the Owners to kentlage their ships with that Comodity without being considerable loosers, and it is therefore probable the Iron will bear near as good price now as it would were it to be kept till the spring of the year for the Manilha ships. It is also certain that the other outward bound ships will bring sufficient for the supply at that time, and consequently were we to keep this there is reason to fear We should not be able to dispose of the whole quantity.

The Secretary to affix a note for the sale thereof. ORDER'D therefore that the Secretary do put up a note at the Sea Gate appointing the Sale thereof on Wednesday next.

General Letters

General Letters read, vizt.:

From Mrs. Gyfford.

One from Mrs. Katherine Gyfford from Fort St. David, dated the 5th Instant, wherein she desires us to deliver up to Mr. George Tullie the money, papers, &c^{a}. receiv'd from him belonging to her late husband Wm. Gyfford Esq^{r}. Chief of Anjengo.

From Tellecherry.

One from the Chief and Council of Tellicherry dated the 13th July inclosing a packet for the Hon^{ble}. Company, desiring Advices about the preparations making by the French to assist Boyanore, and that we will send them a seal.

Secretary to write Mrs. Gyfford,

AGREED that our Secretary do write Mrs. Gyfford in Answer to her letter, That we demanded & receiv'd the papers, Olas, &c^{a}. which she mentions, in behalf of our Hon^{ble}. Masters, and in Compliance with letters receiv'd from Bombay and Anjengo which desir'd us so to do, because the said Mrs. Gyfford was greatly indebted to the Company, and that we cannot deliver them without an Acco^{t}. from those places that Mr. Gyfford's debt is discharg'd.

Mr. Blunt appointed Resident of Ingeram.

AGREED that Mr. John Blunt do go down Resident to Ingeram in the room of Mr. Faucett lately deceas'd, and proceed in making an investment there, and that we send 5000 pagodas with him.

Mr. Walsh Deputy Governour Fort Marlbrô.

The Board then proceeded on the West Coast Affair and thought fit to appoint Mr. Joseph Walsh Deputy Governour there in the room of Tho^{s}. Dunster Esq^{r}. deceas'd, he being the Eldest Servant on that Establishment now remaining, as is set forth in his request deliver'd into the Board and enter'd hereafter.

Two factors for the West Coast entertain'd.

Observing that they are in great want of writing Assistants at Bencoolen, it is agreed to admit Mr. John Savage a factor for that place, according to his petition enter'd hereafter, and that Mr. Bodkin, whom they now employ as a monthly writer, be also taken into the service.

Debate on the Order for sending 50 Chests of Treasure to the Bay.

Our Hon^{ble}. Masters having in paragraph 92 of the Letter per Bridgewater order'd us to send fifty Chests of Treasure to the Bay. It was propos'd to comply therewith and put them on board the Mary. Upon which a Debate arose and the impossibility of so doing was argued from the large number of shipping which are to be dispatch'd from this place, and the very small stock that we have to do it with. That being this year forbid to draw Bills on the Company at more than 8s. per pagoda, no money can be expected by that method, which used to be a great assistance to us. And that it is equally improbable that we should be able to borrow Money at Interest on their Acco^{t}. because no set of People or private ones can lend any large sum except the Companys Merchants, who always are oblig'd to advance Money for the Cloth they provide, and now the investment is so vastly increas'd are under a necessity of keeping their whole Cash up the Country and Consequently cannot supply us as they formerly did with Money at Interest.

Continued.

It was further urg'd, that of the 80 Chests brought out by Ships Heathcote and Marlbrô Our Hon^{ble}. Masters had order'd us to send 30 down to the Bay and about 120 of those consign'd us by the next years shipping, whereas we had sent 188 Chests thither and had also eas'd that settlement by not sending the Heathcote down, by which means they were not under any necessity of laying out money for a cargo for her, but were enabled to pay of their debts with what we sent, of which our Honourable Masters when they wrote this Letter had not receiv'd Advices, and that it was reasonable to believe this Order for the fifty Chests was given on a supposition that we had done no more than what we were directed by them to do, and that when they had read our Letters by the last years ships they would think we had Complied already with their Orders and that we are not under so absolute a necessity of doing it now.

Continued.

It was likewise urg'd that we had sent down a very large supply of Lead, Tuthenague, &c^{a}. this Season, and on the arrival of the now expected China ships should send them a great deal more of the latter of those Commodities, which is the same thing as Bullion to them. Whereas should we streighten ourselves and for want

— *FORT ST. GEORGE, AUGUST 1723* —

of silver sell the Tuthenague here, We should justly merit reproof from Our Masters, it being very certain that the price at Bengal for that commodity is much more advantageous than here.

It was for these reasons unanimously AGREED that we cannot send down to the Bay the quantity of silver now order'd, but that Our Hon^ble^. Masters may see we are willing to do our utmost to assist the Gentlemen in the Bay, it is Resolv'd (thô we shall thereby lay ourselves under great inconveniencies) to send down twenty Chests which with the Metals &c^a^. sent & to be sent will we hope make up £ sterling 50,000 and will be vertually obeying the order receiv'd from them without reckoning the vast over supply sent to Bengall last year. For the following reasons only 20 Chests to be sent.

Captain Pit of the Stanhope Advises the Board he designs to sail for Europe some time this week. A Letter to be sent by the Stanhope.

TO THE HON^BLE^. NATHANIEL ELWICK ESQ^R^.
PRESIDENT & GOVERNOUR OF FORT ST. GEORGE &C^A^. COUNCIL.

HON^BLE^. S^R^. &C^A^.

Being appointed Attorney to Mr. Lewis Deane, the present Deputy Governour of the West Coast, I am in his name to request of Your Honour &c^a^. the payment of dollars 6882 : 1 : 70, which sum is the Ballance of his Paymasters Acco^t^. at Moco Moco for January 1721–2, and was on my arrival there order'd to remain unpaid on account of Cloth that Mr. Deane had deliver'd out in payment for materials and wages on the Companys account till Your Honour &c^a^. should determine the Affair, as will appear in several of the Moco Moco Consultations and particularly that of 20th of April 1722.

In a lettter from Moco Moco dated June 12th 1722 Mr. Deane advises of the Cloth paid on the Company's Acco^t^. belonging to himself, and at the same time alledges several reasons to prove that it was out of pure necessity he had taken that method particularly for want of money, which thô they us'd all the pressing instances that could be to perswade Mr. Pyke to send them, yet they could get none sent from January 1720 to October following, thô what little was left there by Mr. Pyke in January was exhausted before the end of February, as their Accounts will demonstrate, so that they were oblig'd to pay in Cloth or starve, these reasons were transmitted over hither in the General Letter from Bencoolen per the Drake for Your Honour &c^as^. determination.

On the departure of the Perry for the West Coast in October last as Mr. Pykes Affair was then depending, You were pleas'd to defer the determining what related to Mr. Deane 'till after you had finished with the other, but promis'd to adjust it quickly after. Having therefore now receiv'd orders from Mr. Deane to lay this matter before your Honour &c^a^. and to desire the ballance above mentioned may be paid here, I must beg the favour of you to take this affair into your consideration, and doubt not but Your Hon^r^. &c^a^. will think the reasons he brings in his own justification to be satisfactory, and accordingly will be pleas'd to comply with his request in paying me the said money.

Thursday 29th.

President informs the Board of his calling them together to inquire into the complaint made by the merchants abt. the sorters.

The President acquaints the Board that the reason of his calling them together in this place is a complaint which the Merchants made to him yesterday about the Sorters alledging that they sorted to N°. 2. what was really N°. 1. and flung out what was properly N°. 2. which they were now met to examine into.

Complaints found to be ill grounded.

Several of the Bales which were packed yesterday being open'd, the Complaints of the Merchants were by all Agreed to be ill grounded, and the Cloth very justly sorted. Upon which they were told that the Sorters must go on in the same manner and that they had no reason to say they were ill used.

—*FORT ST. GEORGE, AUGUST 1723*—

Reasons offered by the merchants.

They then told us that it was impossible for them to pretend to furnish 4000 Bales of Cloth which should all exactly answer musters, and that the utmost they can do is to keep their weavers as near as possible to them, But that the very large demand lately made has occasion'd the running the Cloth off the Loom so fast 'tis not practicable to keep them justly to the goodness of the muster. That they can always provide the quantity and much more, but that when they do so they cannot pretend to engage for the Goodness, Since it is certain that the People working in a hurry must be more careless and negligent than when they have more time; so that when this place provided 1000 Bales per annum it was very easy to keep them up to the Musters, but that now the demand is encreas'd to four times that quantity it is not reasonable to expect it should be equal in goodness. They further added that they were oblig'd to advance money for all the Cloth they provided, and that they must take what the weavers would give them for it or loose what they had so advanc'd them. Nor could they abate in the prices, labour being now dearer in the Country than formerly occasion'd by the larger demand for Goods and the Companys price being as low or rather lower than what they can sell even the turn'd out Cloth for, to the Manilla and other ships which go from this port.

It was recommended to the Sorters to be [as] easy as possible for reasons here set down.

These reasons being judged to have some weight in them, the Sorters were directed to be as easy as they could with justice, and our reason for giving such Directions is, that if we strictly sort to the Muster we shall not send home one ship a year Since thô the Country will provide much larger quantities of Cloth than our Demand yet 'tis with great difficulty we find Washers to cure even what is now brought in, and were we to turn out every piece short of Muster, there would be a necessity of washing vastly more than now; which is impossible and Consequently we should not find freight for the Tonnage sent us.

This ship arriving sooner than expected and the Monsoon being likely to come on in a little time, it was debated what should be done with her. The West Coast by our last Advices from thence not being able to dispatch her, It was not thought proper to send her thither, and it being impracticable to send her home with the other two now design'd in company with the Man of War, and not safe to dispatch her in October a single ship, and further it appearing by the Charterparty that her demorrage does not commence till the 6th of Jannary, It was Debate what should be done with her.

Agreed to send her to Bengall and write the Gentlemen there that we send her down tbe better to enable them to send us the large supply of Stores this year demanded and the Bales, which we expect from them, and thereby save the charge of freight. That we also write them to dispatch the ships they send us with the utmost expedition that so they may be early with us, in order to get the sooner away from hence for Europe. To be sent to the Bay.

Captain Summers was then call'd in and order'd to get ready to proceed for the Bay in eight and forty hours. The Commander acquainted therewith.

General Letters read, viz^t^ : General Letters

One from Thomas Matthews Esq^r^., dated the 9th instant, wherein he desires us not to let the Cardigan be later than the time mentioned in our Letter to him. From Mr. Matthews.

Storekeeper delivers to the Board an acco^t^. of Sundries deficient in the Cargoes of ships Carnarvon & Cardigan, whose Commanders being called in and acquainted therewith refuse to make good the deficiencies.

The Captains of the two ships were thereupon sent for and acquainted with the said deficiencies, which they were told it was our Hon^ble^. Masters positive Orders to us that they shall make good. To which they replied they could by no means submitt to pay the Money, since the wast of the several particulars appear'd to be unavoidable, that Iron will loose by rust, Cordage by drying, and so each particular. Upon the whole they refus'd paying the said sums, and therefore the Storekeeper is order'd when he endorses their Bills of Lading to take notice of them that our Hon^ble^. Masters may adjust the same in England, and to debt Acco^t^. Curr^t^. London for such deficiencies.

——FORT ST. GEORGE, SEPTEMBER 1723——

Capt. Hambly told that the Salisbury would be kept no longer than the 25th & that he must get ready by that time.

Captain Hambly was then told that the Salisbury could not be kept longer then the 25th and that he must get his ship ready to go by that time. The necessity of his so doing was urged from the Advantage of her Convoy and the danger of the monsoon coming on. He promis'd to use the utmost diligence in loading his ship and to get ready as soon as possible, thô at the same time he told us, he could not get ready so soon. Then after We had repeated our Instances to him he withdrew.

The two sets of Merchants demanding an advance of money

The two sets of Merchants having a Quantity of Goods brought into their Godowns demanded Money to be advanc'd them according to the tenour of their Contracts, and being order'd to withdraw,

The Warehousekeeper was call'd upon to know, if he had disposed of the silver it was agreed should be sold for raising money.

The Board call'd upon the Warehousekeeper to know if he had sold any silver in order to procure money according to the Liberty given him in Consultation of the 26th ultimo. To which he replied he had not, that he had endeavour'd it, but immediately after our said Order, Letters from Arcott brought advice that rupees were at $332\frac{1}{2}$ there, and that upon said advice Silver immediately fell to 15 Dollars per 10 Pagodas, which being $\frac{2}{8}^{\text{ths}}$. cheaper then the Liberty given him by the Board, he had not been able to sell.

The Merchants to take the Broad Cloth as ready money for which they are to have the silver at 15 dollars the 10 pagodas.

The Merchants were then call'd in again and told that they must take Silver at $14\frac{7}{8}^{\text{ths}}$. which they refus'd, and were then press'd for a considerable time to take 10 Chests each Set at $\frac{1}{16}^{\text{ths}}$. but would not comply, so that at last the Board were oblig'd to tell them they must also take the Broad Cloth as ready money, and that in Consideration of their so doing We would indulge them in letting them have the silver at 15 dollars per 10 Pagodas.

Sunca Ramah to take 7 Chests of Silver & the remainder out of Cash.

Sunca Ramah likewise demanding his Fort St. David Ballance for last Month

Land Cusrs. Septr. ballance paid in.

James Hubbard, Land Customer, pays in the Ballance of last Mouths Accot. being Four hundred ninety six Pagodas, thirty fanams and twenty five Cash.

Wardapa's Petition of Appeal again resumed.

Wardapa's petition of Appeal, which for want of time was not taken into consideration the last Consultation, was now again resum'd, his petition to the Mayor's Court read, setting forth that one Succadoo had deliver'd to Sunca Ramah one hundred and six pagodas worth of Redwood at Kistnapatam, for which the said Succadoo had deliver'd him Sunca Ramah's Gomastah's receipt, but that when he came to demand the money of Sunca Ramah, he found payment was stop'd by the said Succadoo, and that therefore he desir'd the Worshipfull Bench to order the payment.

Succadoo's Answer read.

Succadoo's Answer was likewise read, wherein he affirms that he had clear'd all Accots. with Wardapa, & that the receipt was for Redwood deliver'd Muda Ramah's Gomastahs at Kistnapatam, on a Contract made with the said Muda Ramah by himself.

The Affair being very intricate 12 persons to examine into it, after wch. the Board will proceed to Judgment.

The several Papers, Letters and Accots. relating to this Affair were then read, but it appear'd so very intricate that, after hearing and debating thereupon almost two hours, the Board came to a resolution to refer the Examination of the cause to twelve persons, to be chosen six by the Plaintiff, and six by the Defendant, who after a thorough search into the merits thereof shall deliver in their report to the Board, after which we will proceed to Judgment.

Measuring duty put up to Outcry, but no one offering more than 590 pags. & since having endeavonred to let it, but no person caring to give more than the said sum, it is agreed to accept it of Poncala Kistna.

The Measuring Duty was, according to Agreement in last Consultation, Yesterday put up to sale at the Sea Gate, where all the Council were present, but no one would give more than five hundred and ninety pagodas for it, whereupon the President took it in for the Company at six hundred pagodas, after which he endeavour'd to let it, but could not get any more than was bid at the Sea Gate, which it is

AGREED to accept and a Cowle order'd to be drawn out for Poncala Kistna, which was the more readily Consented to, because it is very certain he has lost considerably by his former Cowle, and also that till the end of the year 1711 the Cowle never produced more than Pagodas two hundred per annum.

Ballance due from him pagodas three hundred twenty three, thirty two fanams and forty four Cash.

The Secretary pursuant to order of last Consultation produces a Cowl for the Measuring Duty to be sign'd to Poncala Kistna, upon reading whereof it was Objected that the Poor had always complain'd and even been very troublesome on account of the toll allow'd by the Cowle to be taken of what they bought, which being known to be true, it was consider'd what method could be found out to maintain this revenue, and still the noise of this Complaint, and the Sea Gate and Banksalls Accompts being examin'd, it was found that in a Medium of the last five years, there had been Imported of all sorts of Grain, [*lacuna*] Garse [*lacuna*] per annum which at nine fanams per Garse would amount to [*lacuna*] out of which deducting for servants wages &c[a]. there would remain Pag[s]. [*lacuna*] for which the Farmer might afford to give the old rent, and as the whole nine fanams is to be levy'd by the seller instead of two by the former Cowle, it is believ'd the change will not be felt by him, or that if he should consider it in the price of the grain, yet, it not appearing to the Poor to be directly taken from them as it before did, they will be insensible of it and consequently the Complaint be stop'd. Measuring Cowle being produced in order to be signed to Poncala Kistna an objection is made against the toll taken out of what grain is bought, wch. being taken into consideration & in order to prevent any future Complaints of the Poor, The toll to be levy'd on the seller.

AGREED therefore that it be offer'd to Poncala Kistna, and if he will take it upon these terms that a Cowle be drawn out for the same. Poncala Kistna to be offered the Cowle upon these terms.

Our Hon[ble]. Masters having order'd the repayment of the Fine of five hundred pagodas to Deveroy, late Warehouse Conycoply and he requesting the same Deveroy to be repaid the fine of 500 pags.

The Petition of Poinde Chitty Kistna

Humbly Sheweth

That one Dum Addapa enter'd an Action in the Worp^{ll}. the Mayors Court against your Petitioner and produced some Accompts thereby to prove that your Petitioner was indebted to him in the sum of 620 pagodas, one fanam, and obtain'd Judgment for the said sum, which Award your Petitioner cannot comply with being very certain that upon a full examination of the Affair and hearing such proofs as he shall, if Your Hon^{r}. &^{a}. will permit, send for from Fort St. David, it will appear that he is no ways indebted to the said Dum Addapa, but on the contrary that the said Dum Addapa owes a Ballance to him.

Your Petitioner therefore humbly prays Your Hon^{r}. &c^{a}. will permit his Case to be laid before this Hon^{ble}. Board, and upon examination thereof that you will give Judgment as to your Hon^{r}. &c^{a}. shall appear just, and as in duty bound

Shall ever pray &c^{t}.

At a Court held at the Town Hall on Friday the 16th August, 1723, the Worp^{ll}. George Sitwell Esq^{r}. Mayor and Alderman assembled.

Petition of Pauca Daula Verdapa read setting forth that Succadoo has stop'd some Money of his in the hands of Sunca Ramah &c^{a}.

Order'd that an Answer be made next Court day, September 30th Petition read.

Answer read.

Sunca Ramah appears and declares to the Bench that he had a Bill drawn on him payable to Succadoo and not to Verdapa, but that at the latters request he had stop'd the Money.

——FORT ST. GEORGE, NOVEMBER 1723——

'ORDER'D that Sunca Ramah pay the amount to the said Succadoo and 'tis Agreed by the Bench that the Plaintiff has falsely imprisoned the Defendant wherefore they Order the Plaintiff to pay him the sum of fifty Pagodas for Satisfaction and to deter others from such malicious Actions and the plaintiff to pay Cost of Suit.

TRANSLATE OF THE SUBSCRIBERS OPINIONS DELIVER'D TO THE HONBLE. NATHANIEL ELWICK ESQR. PRESIDENT AND GOVERNOUR OF FORT ST. GEORGE &CA. COUNCIL THE 14TH NOVEMBER, 1723.

Agreeable to Your Honr. &cas. Order we have examin'd all Accots., Witnesses, Letters &ca. relating to the Case depending between Paum Verdapa and Succadoo and are of the following Opinion, vizt.: Succadoo acknowledges that he by word of mouth gave Verdapa's Coneycoply the Accot. Currt. which was produced before the Honble. Board, as to the Note which Succadoo brought concerning 104 Pagodas worth of Redwood, we mutually agree it cannot be call'd a Bill of Exchange, some time since Verdapa's Case was put into Court and Judgment was given by the Worpll. Bench against him, which we are of opinion would not have been done had he had a good Interpreter, at which time he was order'd to pay Succadoo fifty pagodas for loss of time. We are satisfied Verdapa had a just demand on Succadoo, to get which he made his Complaint to Mr. Oadham, then Mayor, which Succadoo hearing of run into the Country. Mr. Oadham being a few days after taken ill, he return'd. The Circumstances of this Affair appearing to us to be on Verdapa's side, We are of opinion that he ought not to pay Succadoo the abovesaid fine of 50 pagodas, and think ourselves oblig'd to desire Your Honr. &ca. to make that order of no force. Mera Saib, when Succadoo was with him, wrote a Letter to Verdapa advising him that he had upon his Accot. deliver'd Succadoo 200 Candy of Redwood for which we think he is answerable as per the Accot. given by him to Verdapa's Conypoply, and agree that Sunca Ramah ought to be accountable to Verdapa for the Goods which his Gomastah receiv'd of Succadoo amounting to 104 pagodas and humbly desire your Your Honr. &ca. will order Succadoo to pay Verdapa the Ballance of their Accot. being 54 pagodas, odd fanams. The Goods which Sunca Ramah his Gomastah seized belonging to Succadoo, we agreed that he is to demand satisfaction for them of Sunca Ramah.

In pursuance of Your Honr. &cas. Order we have examined both parties Letters and other writings, our opinions are as follows: vizt.: That Succadoo was never Paum Verdapa's Gomastah or Servant no otherwise than that he was employ'd by him to procure some redwood for which was allow'd $\frac{1}{16}$ of a pagoda for every Candy, not long ago we saw a letter to Arrepa from Mera Saib wherein he wrote that he had paid Verdapa part of a Debt, but did not make mention how much. We are of opinion that Succadoo ought to be accountable to Verdapa for the redwood if so be

——*FORT ST. GEORGE, NOVEMBER 1723*——

Mera Saib and Narsum deliver'd any to him on the said Verdapa's Account, but as to the 104 pagodas now in Suncah Ramah's hand we cannot say it belongs to one or the other till we receive a Letter from Mera Saib and Narsum.

The Sea Customer acquaints the Board that the Pattans are dilatory in the payment of the customs.

The Sea Customer acquaints the Board that the Patans, who pay a very great part of our Customs, are now beginning to import their Bengal piece Goods, that they are always dilatory in payment, and he does not care to engage in any uncommon method to secure the debts without direction from the Board, least as they are a very touchy, peevish sort of People they should desist again and go to St. Thome where Auga Mogheen offers them great priviledges.

Responsible men to be treated as other merchants, the rest to have their Goods stopped.

After some debate upon this matter it was Agreed that such as are responsible men, he should treat as he does other merchants, and that he stops the other Goods till he gets security for the paying of the customs.

Report of the Condition of the Goodfellow.

Captain Harry &ca. deliver'd in their report of the Condition of Ship Goodfellow and what necessary to be done to her, as enter'd after this Consultation, upon reading whereof it was debated whether she should be sent directly to Bengal to repair, or be continued here for some time longer, and what necessary to be done to her, and after some time spent therein it was,

Some necessary repairs to be done to her.

Agreed that her upper works be caulk'd and such further repairs made as will be necessary for her bringing Bales from Fort St. David if we have occasion, and that she do not go to Bengal till the China ships arrive that so we may send down Tuthenague &ca. upon her.

Persons concerned in the second mutiny aboard her examined.

The Board then proceeded to the Examination of the persons concern'd in the second mutiny aboard the Goodfellow, which is enter'd in a separate Book kept for that purpose.

GENTLEMEN,

In pursuance of your Order to us concerning the Condition of Ship Goodfellow, we whose names are underwritten do report the same as follows:

Madrass Road, December 6th. 1723.

THE REPORT OF THE SHIP GOODFELLOW.

IMPRIMIS. We find said ship tite in her bottom but in upper work very open on both sides fore & aft, as Likewise Deck whereby she made much water.

2LY. Her masts and yards appear to be good, but most of her standing and running rigging bad, the particulars of which are not at present certain.

——FORT ST. GEORGE, DECEMBER 1723——

3^{LY}. Her sails likewise mostly bad, of which at present can't give a particular account.

We are likewise humbly of opinion that caulking the said ships upper works and decks and reeving some new running rigging may render the Ship fit for the Sea, and likewise fit for receiving Goods on board, concerning which we do most humbly refer to Your further Consideration, and remain with respect

Captain Wm. Middleton delivers in a Petition for leave to go home, which is granted and order'd to be enter'd after this Consultation.

Orgento Juggo's petition of Appeal taken into Consideration.

The Petition of Appeal lodg'd by Orgento Juggo from a Judgment given in the Mayors Court in favour of Markistna being now taken into Consideration, the two partys were call'd in, together with the Witnesses and such others as were concern'd in the dispute.

& Order'd to be entered.

Kistna asked the reason for signing the above read paper.

Kistna was asked what was the design of his signing the abovesaid paper said to be an Agreement, between him & Suramannar, to which he replys he was under Confinement and by that means not able to make up Accots. and clear his Debts with his Creditors, who were very numerous & press'd him for their money, & that therefore several of them coming to him perswaded him to appoint Suramannar to act for him, which he accordingly did, but that 'twas upon Condition, that his partner & Uta Irsapah and his Conycoplys should be always present at the time of his Acting there, and further that as the said Suramannar had before deliver'd out several Parcells of goods to do which he had no power, they were likewise to be brought back and then the whole to be sold in presence of his Creditors & divided amongst them.

Suramannar call'd in.

Suramannar being call'd for acquaints the Board that Kistna sent for him & made over Goods to him with directions to pay several of his Creditors, which he accordingly did & dispos'd of the Goods for which in his Accots. Markistna had due credit, and that there is a Ballance due to him from the said Markistna.

Muta Irsapa asked how he came to swear those goods were stolen.

Juggo in his representation setting forth that Muta Irasapa bought part of the Goods himself, which he in Court affirm'd were stolen by the said Juggo, he was asked how he came to swear those Goods were stolen, why he who had one quarter share did not seize his Goods wherever he found them, and why since they were his Goods he gave a note to pay Juggo for them, to which he reply'd that they were in Juggo's possession and had been so for some time and that he bought them from him as of another Merchant, but that Juggo had before forcibly taken them out of Kistna's Godown.

Juggo asked why he took those goods out of the Godown.

Juggo was asked why he went to Markistna's Godown and what business he had to take Goods out thence, to which he answer'd that he had on the 30th of August, 1721 lent Suramannar two thousand pagodas & taken his Bond for the same, that afterwards he press'd the said Suramannar to give him some security for the money and accordingly that he had deliver'd over to him several Goods which were in the Godown now said to have been broken open by him & plunder'd, that Suramannar had

——FORT ST. GEORGE, DECEMBER 1723——

an undoubted right to dispose of these Goods as appear'd by the paper before read to the Board wherein Markistna acknowledges that he did make over his Shop and Servants to the said Suramannar, who was to pay several debts due from him the said Kistna in consideration of that assignment.

Kistna urges by his attorney that he was in prison & forced to sign the paper on Accot. of the Clamour of his Creditors.

Kistna urges by his Attorney that he was in prison and that he was forced into signing the said paper by the Clamour of his Creditors, that he had formerly borrow'd of Juggo 2000 Pagodas & deliver'd over a Godown of Goods to him for security, that afterwards he paid that Money & receiv'd back the Key but that afterwards when he the said Kistna was confin'd Suramannar took the Key away by stealth & deliver'd it to Juggo who in Consort with the said Suramannar did afterwards take out Goods to the amount of 6,000 Pagodas, and that he hoped the paper so sign'd by him being as he deem'd in itself invalid from the Circumstance of place would not be made use of against him, and further that it was not in his power since Muta Irsapa had ¼ concern in the said Shop for him to make over the whole to the said Suramannar, and lastly that the said Suramannar having not comply'd with the Conditions of the said Agreement, which was so unwillingly obtain'd from him, the said Markistna, he hopes it will appear plain that Juggo's actions in Concert with the said Suramannar will be deem'd illegal.

Juggo produces an Agreement between Muta Irsapa & Suramannar.

Juggo then produced to the Board an Agreement made between Muta Irsapa & Suramannar, wherein the said Muta Irsapa did acknowledge that Suramannar had the direction of Kistna's shop, and that he was contented it should be so, and being ask'd why it was not produc'd in Court, Answer'd that the said Agreement was drawn simply and on that account lodged in the hands of a third person, one Chenava Chitty, who in court avoided delivering it under pretence that his Brother was in the Country, and had got the paper in his possession.

The obj ction of Markistna signing the paper in prison is overruled.

The other objection in Markistna's defence that the said paper was sign'd in prison, was overrul'd, both because the said paper was not the power itself, but an acknowledgment of a power formerly lodged in Suramannar to act for the said Kistna, and that it appeared by Muta Irsapa's agreement with Suramannar dated before the paper now in debate that he knew of Markistna's having given such power to Suramannar. A further reason for over ruling the said plea was that it is not the custom of this place to prevent a man's paying his debts while he is in prison, and that it appears the design of Markistna in lodging the said power was for Suramannar to pay his debts, for proof of which Suramannar urges that he had paid several sums upon the credit of the power so lodged in him by Markistna, but not having sufficient authority under the hand of the said Markistna, he refus'd paying any more till he had got an acknowledgment under his hand in presence of substantial people, that he had power vested in him to sell those Goods and act for the said Markistna.

A copy of Juggo's representation to be delivered to Markistna's Attorney.

Markistna's Attorney desiring a Copy of Juggo's Representation, it was order'd to be deliver'd him and then the Board Adjourn'd.

Petition read the 2d time.

ORDER'D that an Answer be made.

The Defendants Attorney insists upon the Plaintiffs giving security to maintain his action (which he says is both scandalous and false) referring to a late Order of Court dated the 5th April.

Order read. Voted whether the Plaintiff give Security or not.

Carried in the Negative and agreed, That the aforemention'd order be not taken in the severity of the terms for the future, but the Word Security understood for any Plaintiff to give Bail for appearance that in Case of false or malicious actions he may be punish'd at the discretion of the court when he is found guilty.

AT A COURT HELD THE 15TH NOVEMBER 1723.

Petition read.

Answer read denying the facts in general. Upon which the Plaintiff proceeds to prove his assertions.

Paum Venkity Putty declares that Markistna borrowed 1000 pagodas of Chinea Chitty and carried it to Suramannar desiring him to make up the remainder & clear Juggo's debt, which he accordingly did and receiv'd back from Juggo the Bond of Kistna's and the Key of the Godown.

Muta Irsapa, one of Markistna's partners, declares that a servant of his put a padlock on Markistna's Godown, which Juggo's Coneycoply, by name Andeapa, with Suramannar took away. That it was after the payment of the 2000 Pagodas due from Markistna to Juggo, that Suramannar told Markistna he had paid Juggo's money and as he hears 'twas Suramannar gave the Key of the Godown to Juggo he declares the lock was took by force which was put on that no Goods should be taken out, and that after the payment of the 2000 Pagodas Suramannar and Andeapa took out by force from the Godown Raw Silk to the amount of 700 Pagodas, which they carried to Sommadrues Godown, that at another time Juggo himself was there, who in company with Andeapa and Surmannar took out of the Godown Broadcloth, Camphire, &c^a^. to the value of about 600 Pagodas, he does not know whether it was by Markistna's permission, but that when he told Markistna of it he made Answer, they must answer for it.

Jona, Company's peon, declares that Suramannar, Juggo and Andeapa came to Markistna's Godown, that the Chief Peon sent him there to bid them make up Accompts, that he brought two of Markistna's people to them and that then Juggo &c^a^. open'd the Godown and Markistna's people asked them what they wanted, who bid them look over their accounts and come again. That about two days after Suramannar and Andeapa took out of the Godown some Goods (Chests of Vermilion he thinks) but to what amount knows not, and then Kistna's Coneycoply seeing them stop'd them.

—— *FORT ST. GEORGE, DECEMBER, 1723* ——

Narsia Coneycoply declares that he knows Juggo &c^{a}. took away Vermilion, Raw Silk, Broad Cloth &c^{a}. to the Amount of above six thousand pagodas by force, which he saw them do and shove Markistna's servant away.

Gopaulia Coneycoply declares that Juggo &c^{a}. took by force the Keys of Markistna's Godown and that he went and told Markistna of the same and that in his (*sic*) they forcibly took Goods out of the said Godown to the Amount of 6000 Pagodas.

The above Witnesses all sworn in open Court.

The Court Adjourn'd to Tuesday next.

Mayors Court. GEORGE TULLIE.
Regr.

AT A COURT HELD ON FRIDAY THE 20TH NOVEMBER 1723.

Transactions of last Court day read.

The Mayor asks Narsia one of the above Witnesses, if Juggo was always at the Godown when the Goods were taken out. Answers that sometimes he was there and sometimes his Coneycopleys.

Sura Mannar being ask'd what he knows of the robbery, says that the Godown was never broke open.

Tanga Chitty says that he was at the Godown when some Goods were deliver'd out, but does not know that they were Suramannar's, but that he had the Key.

Translate of a Bond and an Agreement read.

The Bench having thoroughly examin'd into this Affair do not find the Defendant can bring any proof to clear himself of what the Plaintiff alleges, and are of opinion that the Plaintiff has made good his Charge. Wherefore Judgment is given in his favour in the sum of 6536. 8. 20 with Cost of suit.

Kistna swears in Court that the Acco^{t}., he now delivers in, is to the best of his knowledge every Article Just and true.

MAYOR & ALDERMEN ASSEMBLED

THE PETITION OF MARKISTNA.

That your Petitioner and one Muta Irsapa did jointly trade together & set up a Shop in the Black Town, Your Petitioner some time after having occasion for money sent his partner to Juggo to borrow two thousand pagodas of him, which he lent upon security of a sufficient quantity of Goods, which were put in a Godown by themselves and the Key of the same deliver'd him the said Juggo. Your Petitioner did likewise sign a Bond for the money payable to Mr. Hugonin, which was dated the 18th of May 1721. In September following Your Petitioner having an opportunity of selling the Goods sent for Suramannar & paid into his hands the sum of one thousand pagodas desiring him at the same time to lend him the remainder to pay off Juggo's debt, which he comply'd with & promis'd to fetch his Mortgaged Bond, & the Key of his Godown where the Goods were, Accordingly the said Suramannar went to the said Juggo & paid him the full amount of your Petitioners debt and receiv'd from Juggo the Key of the Godown, the said key he deliver'd Your Petitioner, but the Mortgage Bond he detain'd till we had settled our Accompts, all which your Petitioner agreed to, but on the 15th October Your Petitioner being Confin'd Suramannar did treacherously take the keys of the Godown and deliver'd them to the aforenam'd Juggo; upon which he sent for Juggo and ask'd him the reason why he kept the key since y^{r}. Petitioner had discharg'd the debt, he reply'd 'twas false and that he had not receiv'd his money. Your Petitioner not being able at that time to clear the matter did agree that Muta Irsapa and his servants jointly with Juggo should have

the keys of the Godown, but afterwards apprehending ill usage from Juggo Your Petitioner put a separate padlock on the Godown, which soon after the said Juggo took away and plunder'd the said Godown of Goods to the amount of six thousand five hundred pagodas, which your Petitioner can fully make appear. Therefore humbly hopes this Worsp^{ll}. Court will oblige the said Juggo to make full satisfaction for what he has so unjustly taken from him.

The Answer of Juggo to the Complaint of Markistna

Humbly Sheweth,

That this Defendant saving and reserving to himself now and at all times hereafter all benefit of exception unto the incertaintys, insufficiencys and imperfections in the said petition of Complaint contain'd, for a full perfect and direct Answer unto all and every the matters, Allegations & things which are in the said petition of complaint contain'd in any sort or wise material or Effectual in Law for the Defendant to Answer unto, saith That he utterly denys the whole Charge Exhibited against him by the Plaintiff in every respect and will aver the assertions contain'd in the said petition to be malicious and notoriously false, as he shall hereafter make appear to this Worsp^{ll}. Court, and in justification of himself craves leave he may appeal to Suramannar whether or no the said Goods specified in the said petition were not made over to him by the plaintiff long before he the said Suramannar deliver'd them up to Mr. Hugonin, this Defendants Master, as a pledge or security for two thousand pagodas he the said Suramannar had on his own Acco^{t}. borrow'd & taken up of him.

This defendant doth further aver that he was no more than once at the said Godown when there were present Tanja Chitty, Chinua Chitty, Muta Irsapa and several other people.

That some time ago there arose a dispute of the like nature (which is now depending before the Worsp^{ll}. Court) between Muta Irsapa Chitty, his partner the plaintiff and Suramannar, and that they were before the Governour who advis'd them to go to Arbitration, but whether they proceeded or not, this Defendant cannot tell, but very well remembers that they enter'd into a penalty Bond in Order thereto; and that he hath been since inform'd that the Affair is still depending in Arbitration & not yet decided.

All which matters and things he this Defendant is & will be ready to aver, main[t]ain & prove as this Worsp^{ll}. Court shal award, and humbly prays to be hence dismiss'd with Costs and Damage in this behalf wrongfully sustain'd.

PRESIDENT & GOVERNOUR &C^{A}. COUNCIL OF FORT ST. GEORGE.

THE REPRESENTATION OF THE CASE OF JUGGO HUMBLY SETS FORTH.

That your appealant did lend Suramannar the 30th August 1721 two thousand pagodas, and for security of the said sum did accept the key of a Godown wherein were sundry Goods, a part of which were deliver'd by Suramannar and put into another Godown under two keys, one kept by the Appealant, the other by Suramannar, who when he thought fit to dispose of the said Goods Your Appealant might have an opportunity to be repaid the sum lent and your Appealant did believe the same were a good and sufficient security as he understood the said Goods were assign'd over by Markistna to Suramannar, the more so because Your Appealant was inform'd and does believe the said sum of two thousand pagodas lent to Suramannar was appropriated to discharge some debts due from Muta Irsapa & Markistna. Your Appealant is not certain but admits it may be true that the Acco^{t}. of Goods sworn by Markistna to have been in the Godown might be right as to the quantity, as to the value it will appear by the produce, which produce your Appeal and does believe that Markistna has full Credit in his Accompts with the said Suramannar the Ballance of which he is inform'd is considerably in Suramannars favour, and your Appealant does humbly hope Your Hon^{r}. &c^{a}. Council will cause it to be examin'd as he esteems it very material in this Case. Your Appealant in justification of himself did produce an Agreement sign'd by Markistna to Suramannar which he humbly presumes upon a reasonable interpretation will be understood to be as it was really intended and design'd a full and sufficient assignment of the said Markistna's right in the said Goods, but the said Assignment had not the Effect Your Appealant did believe it would have had upon Markistna's pretending he was forced to sign it, whether it was really so Your Hon^{r}. &c^{a}. can no doubt be fully inform'd, but Your Appealant does believe he cannot fairly prove he was so forced from the strong circumstances that for the Assignment he had a valuable consideration, That Suramannar was to and did discharge several debts, besides the testimony of the person who drew up the said Agreement, and those others in whose presence it was sign'd. The Evidence produced in the Worsp^{ll}. Court against the Appealant endeavour'd to prove that the said Goods were taken out of the Godown in a forcible manner and that those who took them out were guilty of robbery. Your Appealant did never endeavour to disprove that several Goods were taken out of the Godown, but after the manner Your Appealant has many Witnesses to the Contrary when your Hon^{r}. &c^{a}. shall be at leasure to hear them. Your Hon^{r}. &c^{a}. will judge of the oath taken by Paum Venkitty Putty where he swears that Markistna's Bond was receiv'd back & Muta Irsapa in his oath mentions the same with this addition that it was for 2000 Pagodas. Your Appealant does own that he lent to Muta Irsapa the 16th of May 1721, which was repaid the 27th Sept. and the 8th of October following, but does utterly deny that he ever lent Markistna that sum, and is very sure it can never fairly be made appear that he did, such mistakes as these are too Considerable to be made by such who are upon their oath and do humbly conceive that Your Hon^{r}. &c^{a}. will find another name for them.

—— *FORT ST. GEORGE, DECEMBER 1723* ——

Muta Irsapa further swears that part of the Goods were taken out by Suramannar, Andeapa ; and Gopaulia deposes that your Appealant did forcibly take out of the said Godown Goods to the Amount of above 6000 pagodas, which is said to be the value of the whole, wherefore Your Appealant does humbly conceive that one or other of these oaths can't be true, besides that, Muta Irsapa says that Suramannar gave me the key & Narsia & Gopaulia swear that I forcibly took it, but that nothing may be wanting to make the oaths of Narsia and Gopaulia compleat to &c^{a}. are clapt in, which Your Hon^{r}. &c^{a}. are well able to judge of. Your Appealant is the more surpriz'd at Muta Irsapa's oath and leaves it to his conscience how he can answer it either to God or man the great deal he has sworn against Your Appealant, because he the said Muta Irsapa did buy part of the said Goods said to be forcibly taken out and has given your Appealant a note to pay the amount which he is ready to produce, & Your Appealant does further say that another part of the Goods said to be forcibly taken out, were deliver'd by Muta Irsapa himself to Concla Kitsai who was order'd by Muta Irsapa to pay the Amount to Your Appealant, who does further assert that the said Muta Irsapa, by an Agreement dated December 8th 1721, did allow and esteem Suramannar to be owner and proprietor of Markistna's three fourths of the said Godown or Shop wherein he the said Muta Irsapa was another quarter.

Your Appealant does humbly crave Your Hon^{r}. &c^{as}. patience a little longer to represent that some time ago there happen'd a dispute between Markistna, Suramannar & Muta Irsapa in relation to the said Goods, the latter enter'd his Action against Suramannar for 10,000 pagodas & did not prosecute but withdrew his Action & agreed to go to Arbitration for the proof of which I humbly refer Your Hon^{r}. &c^{a}. to a Penalty Bond enter'd into which lies in the [*lacuna*] of Paupa Braminy neither was it ever mention'd in all their disputes that there had been any Goods stolen out of the said Godown, and as to the quantity of Goods which were therein, Suramannar is the only person that can give a true account thereof, as they were deliver'd over to him, & as to my transactions for security of the money lent to Suramannar they are particularly set down in the Acco^{ts}. given by Andeapa which are so remarkable that several merchants whose names are mention'd in the said Acco^{ts}. if particularly examin'd will evidently disclose the injustice of the Charge exhibited against me, as well as the Depositions sworn to by Muta Irsapa, Narsia, & Gopaulia who were consenting and active in the delivery of the said Goods, which I can make appear by substantial Merchants who bought some of the Goods at the outcry and others who were present at the delivery of them.

Your Appealant most humbly begs Your Hon^{r}. &c^{a}. will excuse the trouble he has given you which he should have been far very far from doing if he did not hope and believe he could make his innocence fully appear and thereby have relief from the Consequence of a Judgment so very heavy, which if he should be so unfortunate to have it confirm'd here can only be attended with the ruin of himself and family. Your Appealant therefore submits himself to Your Hon^{r}. &c^{a}. judgment and as in duty bound shall

TRANSLATE OF AN AGREEMENT GIVEN BY MUTA IRSAPA TO SURAMANNAR, DATED 8TH DECEMBER 1721.

It is Agreed that Suramannar has power to buy in and sell out of Markistna's Shop the said Markistna's share, which is $\frac{3}{4}$ of the said Shop, as to the $\frac{1}{4}$ share belonging to Muta Irsapa if he has receiv'd any money from any people due to the Shop, if the said money relates to the joint stock and any profit accrues thereof after the said Markistna's share of the $\frac{3}{4}$ profit is deducted it appears that Muta Irsapa has receiv'd more than his due than what Suramannar was oblig'd to give the said Muta Irsapa, he the said Muta Irsapa shall receive it out of the Ballance due to the people in the Town. But if these People should say they have paid it to Markistna then Suramannar must allow the Acco^{t}. and debit Markistna for the same, if Markistna

—— FORT ST. GEORGE, DECEMBER 1723 ——

should deny it, then it shall not be allowed by Suramannar, if the people should scruple by saying they have paid it before to Markistna, the said Kistna is to dispute it with them himself, or that they have paid any part thereof to Muta Irsapa he shall adjust it with them. Witness my hand

JOHN EMMERSON.

Messrs. Hubbard & Drake withdraw.

Messrs. Hubbard and Drake withdraw having sat on this Cause in the Mayors Court.

Kistna examin'd abt. the papers he signed & who the Creditors were he mentioned.

The several persons being again call'd in & the Examination taken last Consultation being consider'd, Kistna was again ask'd why in January 1721–2 he gave that Acknowledgment to Suramannar, to which he reply'd to the same effect he did the last Consultation, and being asked what Creditors they were that came to him and advis'd him to make over his Shop to Suramannar, He answer'd Tomby Chitty, Collastry Chitty, Wallaboo and Poncala Kistna, that they with Paupa Braminy and Com Chitty brought Suramannar and told him that since it was not in his power to sell his Goods himself and pay them he ought to appoint Suramannar, to which he consenting upon Suramannar's promising to bring back all the Goods he had taken out before.

Who are called in.

The above Merchants being call'd in were ask'd what they knew of the Affair, to which they all reply'd that they had been with Kistna to be paid several debts, who told them that Suramannar would pay them, but that when they apply'd to him, he refus'd, saying he had paid a good deal of money and had only a verbal power and that till he had some further Authority he would not venture to pay anything more, upon which they went to Markistna who without the least hesitation voluntarily gave him the paper now before the Board, and declar'd by that paper he mean't a full and sufficient power to act for him not only in his Shop here but those at Nagore, Lalla Patta, Fort St. David, &c^{a}. Tomby Chitty further added that upon this Suramannar did make over to him several Goods of Markistna's at the above said shops of Nagore, &c^{a}. in part of Kistna's debt to him the said Tomby Chitty.

Mr. Tullie desires leave to dispute the validity of Markistna's paper.

Mr. Tullie attending desires leave of the Board to dispute the validity of the paper sign'd by Markistna which he says he conceives cannot be obligatory on Kistna since it was executed in prison, tho' he confesses it was done voluntarily, but this objection was over rul'd for the reasons given last Consultation.

Juggo informs the Board that Suramannar had been arrested by Muta Irsapa abt. the Goods.

Juggo then inform'd the Board that Muta Irsapa had arrested Suramannar about these very Goods & that he afterwards withdrew his action and went to Arbitration which was not yet decided, which Muta Irsapa acknowledged, and being asked why he did not sue Kistna who made over the Godowns, &c^{a}. to Suramannar, he answer'd because Suramannar had arrested him before on Acco^{ts}. Goods in that Godown.

— *FORT ST. GEORGE, DECEMBER 1723* —

Suramannar affirms he never did arrest the said Muta Irsapa but that Markistna did which he denys. Suramannar affirms he never did, but Markistna did.

Com Chitty being asked what he knows of the Arrest says, that when Muta Irsapa was arrested he went to Kistna and asked why he had arrested the said Muta Irsapa, to which the other answer'd that he had not clear'd his Accompts. Com Chitty examined.

Tomby Chitty says he heard Markistna complain that Muta Irsapa would not make up any Accompts. Tomby Chitty heard Markistna say Muta Irsapa would not make up Accounts.

The Examination being now gone thrô the opinions of the Board were severally demanded beginning with the Youngest. The opinion of the Board.

Mr. Houghton ...	...	'Tis my opinion that Suramannar had full power to dispose of the Goods.
Mr. Fowke ...	...	Is of opinion that it is a Confirmation of a former Agreement & that he did deliver up the Keys of his Shop, by which althô it be no lawful Assignment yet it might be an Instrument sufficient whereby to act.
Mr. Emmerson...	...	I do think Mannar had power to act.
Mr. Benyon ...	...	I am of the same opinion.
Mr. Turner ...	...	I am likewise of the same opinion.
Mr. President ...	...	And I.

The Board being thus unanimous in their opinion that Suramannar had a power to act and dispose of Markistna's Effects, It was Agreed that Juggo having receiv'd the Goods in dispute from the said Suramannar has an undoubted right to them, and therefore the Judgment of the Mayors Court (which seems to be given on Acco^{t}. of the oaths of the Witnesses who depos'd that Juggo took the said Goods, which he does not endeavour to deny, but to prove his right so to do) is Agreed to be revers'd and Markistna is order'd to pay the Charges. The Affair decided, in Juggo's favour.

TO THE HON^{BLE}. NATH^{L}. ELWICK ESQ^{R}.

PRESIDENT & GOVERNOUR OF FORT ST. GEORGE &C^{A}. COUNCIL.

HON^{BLE}. SIR &C^{A}.

Having receiv[d] information since my Arrival here that the Worsp^{ll}. Lewis Dean Esq^{r}. Deputy Governour &c^{a}. Council of Fort Marlbrô on the West Coast of Sumatra has made an Attachment in the hands of my Attorney Mr. David Carnegie of ps. eight 892. 1. on account of a Deficiency of the Hon^{ble}. Companys pepper, which was committed to my care as pepper Godown keeper, from the resetling of Bencoolen in February, 1721, to the end of June, 1722, which they refer to Your Hon^{rs}. &c^{as}. determination.

They have also protested against my Bills &c^{a}. Council of Moco Moco for the Ballance of the Cash Acco^{t}. Curr^{t}. of that place amounting to ps. eight 2135. 3. 59 for reasons (as I have been inform'd) they say best known to themselves, the whole amount being ps. eight 3028. –. 59 which sum if detain'd from me will infallibly prove greatly to my detriment, being determin'd (with the Blessing of God) to proceed for England by the first opportunity in hopes to recover an ill state of health that I have long labour'd under, and was the only reason that caused me to lay down the Hon^{ble}. Companys service, for which I ever had and shall alway[s] retain a great esteem.

FIRST CONCERNING A DEFICIENCY IN THE PEPPER.

That it would turn out short of what weigh'd from the Malays I always expected (for reason) at my first coming to Bencoolen there was no Godown to deposite the pepper in, for above two months and then to the very last such wretched places and

so little hopes of safety that no reasonable man could judge otherwise than there might not only be pilferage but large quantitys of such Goods as was there deposited stolen away. The Godown by Bencoolen River being the only one I had till July 1721, which had often been broken open and whole Chests of Ironmonger's ware stolen away, but as the pepper was shot loose I could not give a judgment what quantity of that commodity might be lost, & when Mr. Pyke had made a Godown at Marlbrô, the work was so slight & insufficient (being built of split Bamboos) that only the force of the pepper contain'd therein has more than once burst out the sides of the Godown, and beg leave to refer Your Hon^r. &c^a. to my letter dated in August, 1721, to Francis Hastings Esq^r. late President of this place, my representation to James Hubbard Esq^r., late Supravisor &c^a. Council of Fort Marlbrô, dated the 4th May, 1722, with the Consultation of said date and my letter to those Gentlemen of 4th July, 1722.

I beg leave farther to represent to Your Hon^rs. &c^a. that during the whole time of Mr. Pyke's administration of Affairs on the West Coast I never was allowed the least assistance either as Pepper Godown keeper or Storekeeper except to weigh in pepper, and am ready to deposite upon oath that I paid the full money as charged for pepper and that it has cost me upwards of ps 12 per mensem for Servants hire in order to secure what I possibly could of the Hon^ble. Companys Effects.

SECONDLY CONCERNING THEIR PROTESTING AGAINST MY BILLS &C^A. COUNCIL OF MOCO MOCO DRAWN ON THE DEPUTY GOVERNOUR &C^A. COUNCIL OF FORT MARLBRÔ.

I really can have nothing more to say but that I have undergone the hardship of paying my attorney 2½ ps. eight for his receiving and paying such money, which in all was upwards of 5,000 Dollars, and beg leave to refer Your Hon^rs. &c^a. to three of their General Letters bearing date the 22d February 1722–3, the 24th March 1722–3, and the last that ever they wrote me of the 16 April 1723, wherein they gave me repeated Orders to draw on them for the Ballance of the Moco Moco Acco^ts. which I am ready to produce when ever Your Hon^rs. &c^a. are pleased to require them, and doubt not but on perusing said Letters, with other papers as abovementioned, you will be sufficiently convinc'd of my integrity in the Hon^ble. Companys Affairs, and that you'll please to order the repayment of my money so attach'd and Bills protested by them which will lay a lasting obligation on Hon^ble. Sir &c^a.

Your most obedient &
Obliged humble Servant
PETER SHELLEY.

Storekeepers Accot. for Novr. read.

George Drake, Storekeeper, reads that Accot. for last month, Ballance due from him three hundred and thirty four pagodas, thirty fanams.

There being Goods eno' for dispatch of a late ship, the Derby to be filled up at Fort St. David & the Mary & Essex here.

Upon a calculate of what Goods we should have for the dispatch of the late ship, it appear'd that there would be sufficient to fill her. Agreed therefore to write to Fort St. David to give the Derby what Goods she can take in and that we do the same here to the Mary and Essex.

The Affair between Poinde Chitty Kistna & Young Narran decd. agreeable to the award delivered in.

The Arbitrators appointed to examine the dispute between Poinde Chitty Kistna and Young Narran having now deliver'd in their award, that Young Narran should pay the said Poinde Chitty Kistna two hundred pagodas and the thousand pagodas Legacy, as more fully appears by the award enter'd hereafter. Agreed that the thousand pagodas formerly deposited in the Companys Cash be paid the said Kistna and that the other two hundred be paid out of the Ballance of Young Narrans estate which has lain so long in the Companys hands, and further that the remainder of the said estate be paid Mr. Tullie to whom Young Narran made it over, as by the Petition of the said Mr. Tullie enter'd after Consultation of the [*lacuna*] will appear.

Petition of Markistna read desiring his releasement.

Markistna delivers in a petition to the Board, as enter'd after this Consultation, desiring to be discharged from his Confinement in order to make up his Accots.

He not having made up his Accots. during the time he hath had liberty for that purpose.

It appearing that Markistna hath for near twelve months had the Liberty of the Black and White Town only attended by Talliars which was granted him not because the Crimes formerly charged against him were not fully evident, but because he should make up his Accots., and that instead of so doing the said Markistna hath made use of this liberty only to puzzle and confound matters and to get an opportunity of making his escape.

Therefore to be now close confined & an order to be affixed directing his Credrs. to deliver in their demands & those indebted to him, & to declare the same.

AGREED that he be close confin'd and that since he will not make up any Accots. the Secretary do affix a Note at the Sea Gate ordering all persons indebted to or Creditors of the said Markistna to deliver in their demands, and that all who either have or know of any Effects belonging to the said Markistna do declare the same to the Board by the first of March next.
